

## Important Changes at Fossil Pointe

### New Long Range Qualification Procedures

Beginning October 12, 2020 Fossil Pointe will require that anyone wishing to shoot Long Range must attend the Long Range Qualification Course. This course will give each participant an orientation to the range rules, range limitations, as well as a general understanding of ballistics. This course will be mandatory to become qualified to use the Fossil Pointe Long Range. While this course is required, it will not guarantee qualification. Shooters will be expected to demonstrate safe firearm handling, as well as the skills necessary to shoot beyond 300yds.

Anyone previously qualified will be grandfathered as a qualified shooter; however, previously qualified shooters are encouraged to attend this course. Guests with known ability may be exempt from the Qualification Course at the discretion of Fossil Pointe management.

### Upcoming Long Range Qualification Courses:

Sunday October, 18 <sup>th</sup>	1:00-4:00pm
Sunday October, 25 <sup>th</sup>	1:00-4:00pm
Sunday November 8 <sup>th</sup>	1:00-4:00pm
Sunday November 29 <sup>th</sup>	1:00-4:00pm

**Cost: \$89**

**Must pre-register to guarantee a spot.**
