Extended Range Rifle Hunting Course – 1 day \$299 (min. 4 students – max 15)

This extended range hunting course is designed for the avid hunter looking to hone their marksmanship skills as it pertains to hunting/field environment situations. We recommend this course to those who have the desire to make ETHICAL shots on game at extended ranges. Our focus is to elevate your shooting confidence as a hunter. You will leave this course with an increased maximum lethal range, which means a higher probability of a successful hunt.

We will cover hunting specific topics to include: engagement criteria, shot placement, caliber selection, terminal ballistics and more. The hunting world has seen a recent emergence of shooting bags, slings, Kestrel/ballistic software, tri-pod, optics, etc. adapted from the precision rifle world. All these things can be used to increase your odds and provide you with a high level of confidence required to make the shot. In this course, you will be exposed to many of these aids and multiple uses. This course will make you a better, more informed marksman.

This course is fast paced but at no time will you, our client, feel rushed. Exceeding the goals and expectations of our customers is our top priority.

#### **Required Equipment:**

- Centerfire rifle (.243 or greater caliber) capable of 2 MOA or better
- **Proven / Dependable rifle scope** with a magnification of 10x or greater
- Adjustable 2-point rifle sling (such as the Magpul MS1)
- 80rds of ammunition proven to be 2 MOA or better in your rifle
- Medium sized backpack (filled firm with clothing or towels to use as rifle rest)
- Tail bag (**recommended Weibad mini range cube**)
- Eye protection and hearing protection
- Hat and weather appropriate clothing
- Pen and notepad

#### **Recommend Equipment:**

- High quality variable optics 14-16x magnification range with milling reticle and exposed turrets
- **Quality 6-9" bipod** with tilting feature (ie. Harris or Atlas)
- **Double hearing protection highly recommended (foam plugs plus over the ear protection)**
- Bi-pod or tri-pod shooting sticks (no monopods please)
- Binoculars or spotting scope
- Sunscreen and bugspray
